

# Thanks for your Business

**CSK** thanks you for your cooperation

As Christmas approaches, we would like to take this opportunity to thank you for cooperation and business we had this year. It is people like you who make our jobs a pleasure and made our progress possible. It also provides us with the energy to serve the common good and to take responsibility for the community. CSK Food Enrichment and employees support sustainable regional charity projects. Projects selected by the employees. Trying to make a difference by dedicating time and financial aid to authentic projects.

Wishing you, your family and friends a Christmas and New Year filled with much joy, happiness and success.

The right impact on **taste and texture**
